

# Spring Break Science-in-the-Park Nature Investigations

Want to be like CSI or The Flash

Join the EQA for a Nature Investigations workshop. Here you will learn how to use various methods to answer nature's questions. Attendants will learn how to test the PH of the soil with basic supplies that can be found in your home and use their forensic science skills to follow the clues to the treasure.

This program is designed to spark and encourage your child's interest in science. This half day program allows for your child to spend a few hours of the day participating in hands on science activities that while fun will help open a world of possibilities in the sciences.

**FREE!!!**

**Registration Required**

April 29<sup>th</sup> 2016
